

May 2010

Wow! It's hard to believe we are in our final month of school already. We want to thank you for your help and involvement with our Easter Celebration earlier this month. The kids seemed to have a blast, it was wonderful seeing many of you there and, most importantly, Jesus was glorified!

The month of May will be packed full of fun as we wind up this school year! We will cover the letters M, W and R and teach the children lessons related to Mother's Day and underwater creatures. The last few days will be spent reviewing some of the most important things the children have learned this year. The Bible stories this month are The Widow's Gift and The Wise and Foolish Builders. Please make note of the many important dates coming up:

Dates to Remember:

PAC Meeting	Tues, May 4	9:15am
